Letter from the President

Greetings fellow SBC members:

On January 28th, the SBC board began the process of goal setting for 2018. We have more to do, but I wanted to fill you in on our progress so far.

We clarified the SBC mission, why the SBC exists. Here is what we came up with. We welcome your input and feedback.

Mission: The Spokane Bicycle Club is a recreational and social organization that promotes lifelong cycling for fun and health.

We pursue our mission through:

- Organizing group rides that appeal to riders of various skill levels and that covers a variety of terrains and distance;
- Organizing multi-day cycling tours;
- Advocating safe cycling through sponsoring and supporting cycle-positive events and activities as well as involvement in local, state, and national transportation and cycling organizations;
- Educating riders about safe, enjoyable local cycling routes;
- Educating members about cycling innovation, legislation, as well as showcasing cycling adventures and events through monthly meetings and a bimonthly newsletter; and
- Providing social opportunities with fellow cyclists.

Going forward, our highest priority in goal setting is gaining and retaining members in the SBC. Related to that goal, we also prioritized increasing member engagement. As we discussed those goals, it became apparent that we need a clearer picture of our existing membership. We need better demographic data as well as what *your* priorities are for the SBC.

When you receive the survey to gather this data, within the next 24 hours, I urge you to take the few minutes necessary to respond to the survey questions. Hearing from you is critical to building the enjoyment and sustainability of the Spokane Bike Club.

Thank you for your support!

Sincerely,
Gerry Bergstrom, President

Innovations in Bicycling

The fourth annual Washington State Bike Summit brings together people from different disciplines, backgrounds, and perspectives to learn, share, network, and explore ways we can grow and improve

bicycling for all.

The 2018 Washington Bike Summit is co-presented by Washington Bikes & Cascade Bicycle Club.

The Summit features keynote speakers, breakout sessions, guided workshops, delicious lunches and all-around great opportunities for networking with other folks who share your passion for bikes. With so much to take in, we're sure you'll ride away with new-found inspiration, a bunch of new friends and some sweet Summit souvenirs.

Weiser River Rail Trail Ride

WALK BIKE BUS SPOKANE CAN USE OUR HELP

(written by Barb Kehr from Jenny's notes)

“Walk Bike Bus Spokane is a public education campaign from the Spokane Regional Health District (SRHD) offering individuals support to replace short car trips with walking, biking or taking public transit. The program is free to residents within a defined area of the Bemiss/Hillyard Neighborhood beginning in May.” Members and friends of Spokane Bicycle Club are being sought for **four purposes**:

1. On April 10th, 1:00-4:00, riders familiar with the Bemiss/Hillyard neighborhood are asked to **participate in a bike audit** coordinated by SRHD. The purpose of the audit is to identify any barriers to riding safely in the neighborhood and to help with route planning for the Bemiss/Hillyard neighborhood. In the future there will be rides in other neighborhoods and SRHD would like folks who may be interested in taking part in route planning for those neighborhoods to attend the April 10th event to become familiar with the process.
2. **Spread the word** about a free two-day Traffic Skills 101 course held at Shaw Middle School, June 27th (in-class portion) and June 30th (on the road portion) using the routes identified in the April 10th audit. The class is free, limited to 10 people, and preference is given to people living in the Bemiss/Hillyard neighborhood.
3. In July, two neighborhood rides will be offered, July 12th and July 21nd. We are asked to **show up**, ride safely, and enjoy the ride. Our presence will make the ride more visible in the neighborhood.
4. “The goal of Walk Bike Bus is to encourage people to not just try bicycling, but to fall in love with the freedom it can offer. If you are willing to **be a Bike Buddy and mentor a new rider**, you get the awesome opportunity of identifying safe routes with them, easing safety concerns, and helping to develop a love of riding. “

Please share your love of bicycling by supporting the Walk Bike Bus program. Contact Jenny Arnold with questions.

What is your favorite club ride?

March 1st is the kick off for the SBC bike season. Weather is sure to turn favorable any day and we will all be looking for ways to shake off the winter doldrums.

Whether you are motivated to be outside and see the birds and wildflowers, chomping at the bit to get back in shape or wanting to get back on the dirt trail, SBC has a ride for you.

Member comments: What is it about club rides that work for you?

- Don Bardon: "Camaraderie and increased motivation to ride."
- Jane Shelley: "Club rides are social, I learn about new & interesting places to ride AND I ride for fitness."
- Amina Giles: "I prefer to ride with friends vs. riding solo; plus, I get in a better ride on club rides than when I ride alone."
- Lila Meglio: "I ride solo a lot. Riding on club rides balances out my ride program and gives me a chance to interact with friends in the club and find out what is going on in their lives."

The March / April ride schedule is published and there are several vacant rides simply because no one volunteered to lead the ride. The club needs additional ride leaders. What do ride leaders like about being ride leaders?

- Don Bardon: "Giving back. I benefit greatly from the pleasure I get from club rides and owe it to the other leaders and the Club to take my turn leading rides"
- Jane Shelley: "In a word, obligation. I want to do my share. I also like to lead because I can choose rides close to home."

- Amina Giles: “I lead to make sure rides are consistently available. Also, I get to choose my favorite routes.”
- Lila Meglio: “I love volunteering and being a ride leader but I worry that current ride leaders will burn out. We need a fresh group of leaders to ensure that our rides program is sustainable.”

What is involved in being a ride leader?

- Submit a ride description to the ride coordinator for your ride (see page two of the newsletter)
- Show up at your ride 15 minutes before the ride and get riders to sign a waiver and conduct a ride leader briefing.
- Turn in the ride waiver sign-up sheet to Susan Strong – sublstrong@outlook.com

If you would like help on selecting a ride, creating a ride description and conducting a ride leader briefing, feel free to contact Garry Kehr: gkehr.sbc@gmail.com; 509-990-1474.

Additionally, Gerry Bergstrom, president, is organizing a ride leader training session to cover the do's and don'ts of being a ride leader along with how to lead a fun and safe ride. This training will occur in the next couple of months and will be well publicized.

Please let me know if you are interested in becoming a ride leader. Send a text or email and commit to being a part of SBC's ride leader group. 509-990-1474, gkehr.sbc@gmail.com. You will be happy that you did.

Let the season begin.

Garry Kehr

PICK UP RIDES

Club members who wish to lead a “pick up ride” should contact Cyrus McLean via email at cyrusmcl@yahoo.com Provide him with the date of the proposed ride and a ride description to include the following:

[start time] [meet place, with address or cross streets] [pace in mph on the level] [distance] [terrain] [route description] [water/snack/eat info if applicable] [map and cue sheet, if applicable] [weather cancellation, if applicable] [leader name and contact cell phone number] [directions to ride start if needed]

Don't forget you need to have riders sign the release statement. You can print statement off the website: Click on Rides Program/Rides Signup Sheet-for Printing

If you are not on the “pick up” list and wish to be added, email Cyrus with your name and email address. You will then be alerted when “pick up rides” are announced.

If you have any questions about this, contact Cyrus.

Reminders: The start time is the departure time, not the arrival time.

Note: The icon,  , is added if there are two possible rides in one listing.

MOUNTAIN BIKING Ride Schedule

Rider will need to have a minimum of a hybrid bike with fairly decent tires as we will be going over rocks and rough road and a helmet is a must. Will meet at the Wilbur Trailhead **You will need a Discover Pass for parking**. The rides will be about 1.5 to 2 hours (might be more stopping depending on participants).

Beginner: Mostly flat, small hills, double track, some maneuverable low-rocky single track. 8 or less mph.

Intermediate: Will also include Intermediate size hills, rocky and twisty single tracks. 8+ mph.

Directions to Trailhead: Take 7 mile road north – take first left after crossing Spokane River bridge – park at second parking lot on right (end of road).

PLEASE NOTE: March and April will be different days and times- be sure to check schedule. Because the weather can be a little dicey – please call the leader prior to the ride to make sure it is a “go”. If we cancel we will try to send an email.

Feel free to do pick up Mt. rides and/or Fat Tire rides during this time

Government Affairs

WA Bike Summit

The 4th Annual Washington Bike Summit – *Innovations in Bicycling* - is coming to Spokane April 29th & 30th. The Summit is sponsored by Washington Bikes and Cascade Bicycle Club. Presentations will be made by local, state and national luminaries. It brings together professionals and activists to discuss new trends in bicycling. Keynoters include Oboi Reed, who started an innovative bike sharing program in Chicago, and Blake Sanders, planning expert and mayor responsible for bringing bike culture to his small South Carolina town. The workshop list is not yet online (coming soon), but among the speakers: Friends of the John Wayne Trail, City of Spokane Valley discussing their bike network, Gonzaga Prof Rhonda Young discussing City of Spokane's first greenway. Also interesting: discussion of the effect of speed on safety; how to make a road work for both trucks and bikes; designing roads to reduce stress for cyclists. Cost is \$65-75 for each day. Sign up for one day or both. Lunch included with registration. Details at: <https://www.cascade.org/connect/washington-bike-summit>

May Bike Everywhere Month is Coming

This year the National Bike Challenge is being sponsored by LovetoRide and League of American Bicyclists. Registration opens in March, so right now is a good time to sign up and get in the habit of logging your cycling miles. Sign up now to get in a drawing for prizes. Why do it? The site

totals your miles and trips, converts them into calories burned, CO₂ saved, \$ saved. You can invite friends to join. You can send the site a favorite cycling photo. Mileage can be downloaded from a number of ride-tracking apps or simply entered by hand – Ride Report app for Android and iOS; LovetoRide app; Endomondo; Strava.

Sign up at: www.lovetoride.net. Spokane Bicycle Club is in organization list. When you sign up, please pick the Club from the list. If you signed up last year, you can use your login again this year. The look of the site has been simplified, so it's **much** easier to sign up than it was last year. While you are at the site, check out some useful videos: changing a flat, cleaning a chain, adjusting brakes and adjusting shifting.

Planning is moving ahead for cycling events during *May Bike Everywhere Month*. Mark your schedules for the main events:

- 5/14, 7-9 AM – Blueberry pancakes and Roast House coffee in Riverfront Park. The event happens in the patio area of the ice rink, so next to the Bloomsday runners and across from City Hall.
- 5/18, 5:30 – 7:00 PM Beer and pizza party at a local brewery. Celebrate National Bike Everywhere Day!

Also planned: energizer stations on 5/15, Ride of Silence on 5/16, REI flat-fixing clinic 5/15, local rides showcasing new cycling amenities. Details will be showing up soon on our SBC website.

You Asked

Where is it OK to ride in Dishman Hills?

Jeff Lambert, CEO for Dishman Hills said: *“Biking is permitted anywhere in the Glenrose and Iller Creek Units of the Dishman Hills Conservation Area. These are accessible from the Iller Creek Trailhead, Stevens Creek Road Trailhead and the undeveloped Glenrose Trailhead. No biking is allowed in the Dishman Hills Natural Area accessible primarily from Camp Caro and satellite trailheads in the neighborhoods.”*

Note: Dishman Hills is expanding. At the annual meeting, they said they anticipate closing the gaps between DH parcels in the next couple years.

What about all the debris in local bike lanes?

City of Spokane

Street sweeping twice a year, once in the Fall (timed for after leaves fall), once again in the Spring, to pick up traction material laid down in the winter. Not all streets get done in the fall before snow flies, so City of Spokane is continuing to get missed streets in the winter, when roads are bare. You can call 311 or 755-2489 to ask for street sweep. The Street dept will take a look. If they concur, they will sweep an area.

Spokane Valley

All curbed City Streets once during the Spring Sweep, usually March-June. Arterial roadways get priority. Monthly arterial sweeping starts in Spring. The Stormwater Utility Dept. welcomes comments and suggestions.

How does a cyclist get through Riverfront Park, during construction?

Howard St to the north is closed in the park. Take the King Cole Bridge (closest one to the Convention Center), then north to the bridge closest to the RL Hotel. The route is depicted on the map before with a red dotted line.

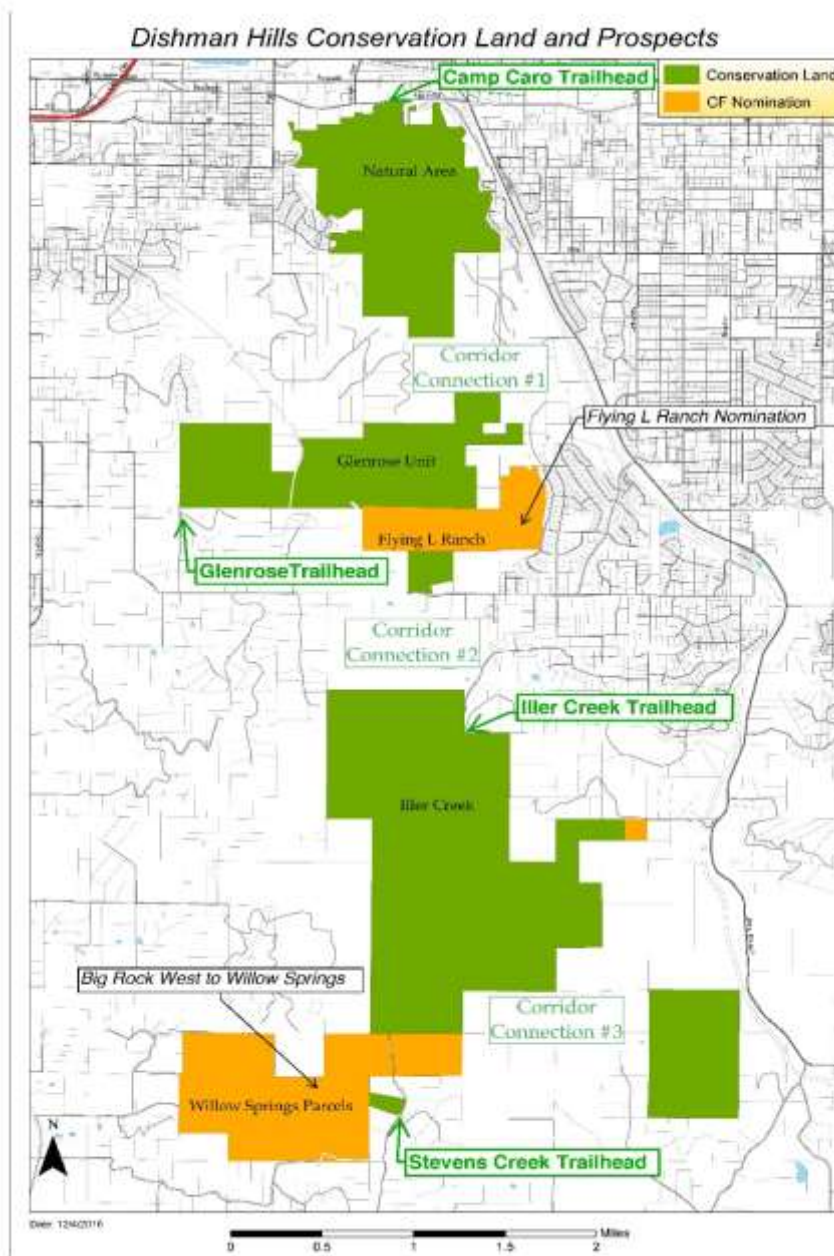

What's going to happen to Henry Road, so popular with cyclists, once the new high school is built there?

The plan is to widen Henry from Sprague south to the high school site, with bike lanes on both sides of the road, and a sidewalk on the west side. The City is not expecting much increase in school traffic on Henry south of the new high school.

Take Action

- On April 7th, 10:00 AM to 2:30 PM, Washington State Dept of Transportation is holding a charette (professionally mediated public workshop) to get community input on planning for the **Children of the Sun Trail**, from Hillyard area to I-90. Location is East Central (MLK) Community Center, 500 S. Stone. Flier for the event here: <http://www.wsdot.wa.gov/NR/rdonlyres/006633E8-BCEE-4449-AC06-11BF0AE7133B/123035/ERNscCharetteFlier.pdf> If you can't make the charette, you can still offer ideas via this online link: <https://wsdot.maps.arcgis.com/apps/MapSeries/index.html?appid=bab715226e3b4910b846ddcd67e53d2a>
- **Walk.Bike.Bus**, a program sponsored by the Spokane Regional Health District, will be focusing efforts this year in the Hillyard/Bemis area. The program promotes biking in several ways, including instruction in bike safety, incentive gifts, and advice to residents on good routes to get to schools, grocery stores, library, etc. They will be planning a loop ride in the Hillyard area and are looking for advice, starting with mapping courses and concluding with a bike ride to test routes. This effort will happen April 10th, 1-4 PM. If you would like to help, please contact Jenny Arnold, jarnold@srhc.org, 324-1537.
- City of Spokane is asking for opinions on how to reconfigure Riverside Ave, from Division to Monroe. There are several suggestions for how to accommodate cyclists on the street. Take a look at the 'Bicycles' tab and the 'Traffic Options and Public Survey' tabs, then select your preferred configuration. <http://spokane.maps.arcgis.com/apps/MapSeries/index.html?appid=b83bd41a00184047ad58fc68c16890eb> The City will be focusing on the top couple ideas for further refinement.
- Blake Trask, Cascade's legislative liaison, points out the President Trump's **10 Year Infrastructure Plan and 2019 budget** pose risks to cycling efforts in Washington. *“threats – if not outright cuts – to popular federal funding programs, that build better places to bike, walk and take transit. These federal programs support voter-approved levies, including those for Sound Transit, Move Seattle, and in cities like Spokane and Tacoma.-- penalties to voter-approved levies passed over three years ago by not counting them as matches for future federal dollars.”* Contact your legislators to let them know how you feel about these proposed funding program changes.

- The Dishman Hills Conservancy has successfully nominated the Flying L Ranch - 179 acres that will link from Glenrose to Ponderosa Subdivision in the Spokane Valley - a perfect place for place for a trailhead.

Spokane Bicycle Club Board Meeting

February 6, 2018

Home of Hershel and Mary

Board Members Present: Gerry Bergstrom (President), Scott Schell (Immediate Past President), Bill Olsen (Vice-President), Hershel Zellman (Secretary), Sally Phillips (Treasurer), Garry Kehr, and Margaret Watson.

Board Member Absent: Dud Bowers.

Quorum Achieved: Yes

Guests: Barb Kehr and Susan Strong

Call to Order: at 6:05 pm by President Gerry Bergstrom.

Approval of Agenda: Gerry presented this evening's agenda and it was approved with a couple of additions.

Minutes: of December 5, 2017 meeting were approved after one correction.

Treasurer's Report: Sally presented the Year-to-Date 2018 Cash Flow and Account Balance reports (see Appendix A and B). Notes:

Member dues income is increased \$200 over this time last year.

- A. Liability insurance premium was \$250 more than last year.
- B. Annual donation of \$500 to the Friends of the Centennial Trail was made in December, and thus not reflected in the 2018 Financials.
- C. We donated \$350 to WA Bikes for scholarships to this spring's Bike Summit. Sally paid this from the General Fund, but all agreed should be paid from the Sponsorship fund. Sally will adjust the books to reflect this change.
- D. \$75 was paid in December for the SBC domain name.
- E. It was M-S-P unanimously to donate \$100 to WA Bikes for lobbying expenses.

Unfinished Business:

- A. Follow-Up on Suspended Member: The member in question has been prohibited from participating in all Club activities since last December's Board meeting. Gerry sent him a letter stipulating that if he agrees to meet with the Board to demonstrate that he can be a safe and courteous cyclist before his membership renews in April, full privileges could be reinstated. Otherwise his membership will be terminated in April. The Board reiterated its support for this action.

- B. Board Retreat (January 28): All but 2 Board members participated. For 4.5 hours Lois Bergstrom guided us through a process of defining our Mission and Branding. We then started to tackle the priority voted #1: membership recruitment, retention and engagement. It was M-S-P to replace the section of our website, "Who We Are," with the new Mission Statement. Hershel will contact our web manager, Serge, with the information. Garry is creating a survey to the members to address recruitment, retention, and engagement. We critiqued the survey. Garry will make the suggested alterations and send the survey out to membership. He will present collated results to us at the continuation of our retreat, Sunday March 11. Scott recommended that we discuss procuring a professional publicist for the Club at the retreat.

New Business:

- A. Tours:
- a. Weiser River Tour: Garry has been working on this Idaho rail-trail tour for the Bike Club. Will occur May 18-20. Thirty-one members are registered so far. A shuttle bus has been arranged. Participants are being encouraged to make overnight accommodations.
 - b. Fall Tour: Four members (Garry, Gerry, Dud, and Barbara Beaton) have been discussing a fall Bike Club tour. No details yet.
- B. Improving the Safety of Our Rides: Gerry introduced as an ongoing concern, always in the background of our rides program. Barb Kehr announced that she intends to devote the May general membership meeting to safety and has Don Barden lined up to lead the discussion. She has also reached out to the Cascade Bike Club about how they do ride leader training/certification. Scott and Bill are willing to staff a table regularly at the meetings devoted to safety topics, promoting cycling events, and selling Bike Club jerseys. There was general support for this from the Board.
- C. Bike Everywhere Week: Sally is again managing under the auspices of the Club, which will host the event website within the Club's. The first organizational meeting was last week and the next is scheduled for March 4. Will kick off with a pancake breakfast in Riverfront Park on Monday, May 14 and end with a beer and pizza party (coordinated by Scott) on Friday, May 18. The number of events will be scaled back from what it was last year. Bike Everywhere Week will share a booth with SpokeFest at the Outdoor and Bicycle Show, February 24 & 25 at the Spokane Convention Center.

Adjournment: 8:10 pm.

Next Meeting: Tuesday, April 3, 2018, 6 pm, at REI.

Respectfully submitted,
Hershel Zellman, Secretary
